Trade Groupings

Council Members further to our June 8th meeting discussions relating to our negotiating trade groupings the Executive Committee has reviewed the groupings and recommends we move to three groupings as per the attached chart.

Please peruse the chart and provide your comments or concerns.

It is our intent that these groups meet individually for two to three hours in late October to determine issues of common concern to the group, what steps the individual EBA's have taken to move the 2019 negotiation forward and preliminary steps we jointly can take to prepare for the 2019 negotiations.

A survey will be out shortly attempting to ascertain what dates in October work for the majority of the group's participants to meet.

"I'm still not sure HOW it happened. One minute, we were bouncing ideas off each other, and the next thing I knew, we were using furniture instead."
