The bargaining committees for the [EBA] and the [UNION] have been meeting for XX days/meetings. Throughout this time, both parties have tabled a number of proposals and, while agreement has been achieved on some issues, a number of issues remain outstanding. On [DATE], the [EBA or UNION] requested that the Ministry of Labour issue a no-board notice, which provides a 17-day countdown to a legal strike/lockout position.

This does not mean there will be a strike/lockout, and both parties are encouraged to continue to meet during this time.

The [EBA] remains hopeful/optimistic that a negotiated collective agreement can be reached and a labour disruption can be avoided.
