

CONSTRUCTION EMPLOYERS COORDINATING COUNCIL OF ONTARIO

Bulletin #42-25

There is some confusion regarding CECCO's dues collection commencing May 1, 2025.

Please review the following:

- We will be following the Ontario Construction Secretariate's (OCS) dues collection format.
- Dues at the rate of \$0.005 per hour will be paid by member Employer Bargaining Agents (EBA) with manhours that produce funds over the Council's \$3,000 minimum.
- Dues are payable monthly once the EBA can determine the hours worked in the applicable month. Based on OCS's experience this may be two to three months after the applicable month. i.e. May's hours may not be known until July.
- We acknowledge there will be a two to three month delay in getting the initial dues payment with the new structure but once in place dues should be paid on a regular monthly basis.
- A dues contribution form has been developed to provide the paper trail some EBA accounting departments require.
- CECCO will continue to operate on a calendar year.
- As the current year's dues may not be received until March or even April of the next year we will not hold the annual meeting until June to allow for the auditing of the books.
- In discussion with our auditor he will compare CECCO's year end hours to the year-end hours reported to the OCS as a means to allow him to determine correct dues submission.

I trust this explains our intent. If you have any questions please call.

Thank you.
Wayne
